Monthly Wellbeing Walk

The wellbeing walk is a monthly event which encourages the team to leave their desks for half an hour and take some exercise in the fresh air and natural surroundings of the Country Valley Park on the office doorstep. All staff who wish to participate undertake a team walk of around 1.5 miles. The exercise and fresh air in a green space clears the mind helping focus throughout the rest of the day. It gives staff the opportunity to talk to colleagues including wider team members who they may not work directly with on a daily basis and helps to build team spirit and morale.

Don't Worry, Be Happy 😊

Creating a happy, positive office environment is essential—for you and our team. Here's how we make it happen:

- **Stay Positive:** Positivity is contagious. Bring a can-do attitude that uplifts those around you.
- **Focus on Your Lane:** Avoid negativity and don't suck the life out of others. Keep your energy focused on what truly matters.
- **Challenges Happen:** Seek support when needed. Challenges and frustrations are part of the journey. Know the right person to turn to when times get tough—we're here to help.

Diversity and Inclusion

We believe that diversity makes us stronger, fostering innovation and enabling us to better serve our clients. At Henwood Court, we celebrate individuality and encourage everyone to bring their authentic selves to work in a safe and supportive environment.

Our goal is to build an inclusive culture that values and respects differences across gender, identity, age, ethnicity, religion, nationality, sexual orientation, educational background, socio-economic status, and perspectives.

We thrive by embracing what makes each of us unique!

Transparency:

Clear and Honest from Day One

At Henwood Court, we pride ourselves on being transparent. We're like Marmite—you'll either love us or realise it's not the right fit, and we'd rather have that honest conversation today than a year from now.

Transparency creates a foundation of trust. It ensures our team feels safe to share their views, raise concerns, and know they'll be heard.

This means we don't shy away from tough conversations, set clear expectations, and celebrate a culture where honesty drives growth, collaboration, and mutual respect.

This attitude carries through to how we interact with all our clients. It's all about that 'carefrontation'. By fostering deeper relationships and making a meaningful impact in their lives, we create a level of trust that large companies would struggle to replicate sets us apart. For 20 years, our clients have relied on us to deliver truly exceptional service, building a strong sense of community that large firms struggle to replicate. It's not just about being transparent on fees—we ensure our clients fully understand every bit of value they're receiving.

Hear from Our Team...

The foundation of Henwood Court is our people, aiming to achieve the common goal of creating our clients tomorrow. People's individual values and outlook on life is just as important as qualifications and experience.
